👋 Build customer loyalty

Into your customers' pocket
Deliver your information, schedule, and events directly into your customers' phone for convenient access anywhere, anytime, **even offline.**

A privileged communication channel
update your best customers in realtime and get them to come **back to your business**.

An environmental commitment
Your photos, PDF and video documents are not stored in data centers. Our app is **eco-responsible!**
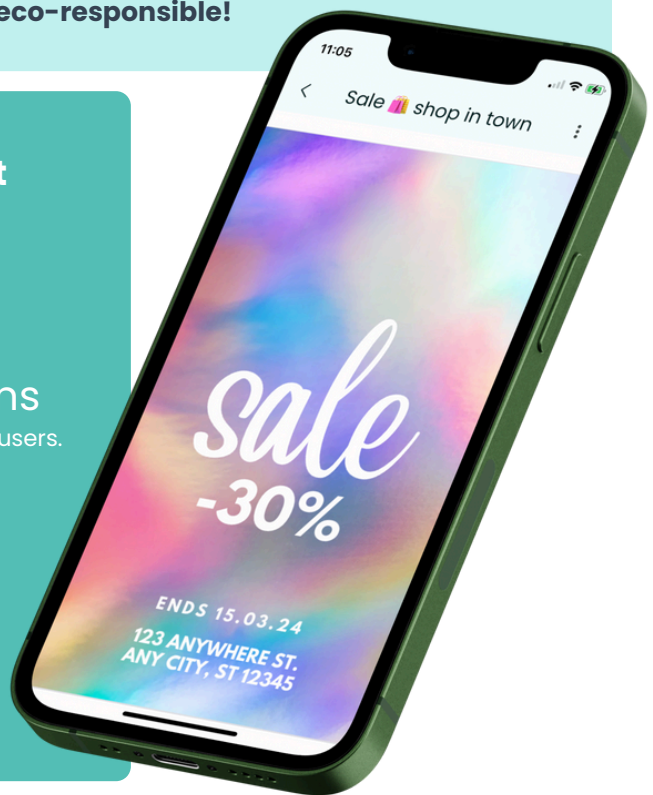

## A QR Code that benefits YOU and the Planet

50%
more attendance with app notifications
*50% more attendance in 2023 on a group of selected B2B ClassifID users.

65%
less energy and CO2 than a Cloud
*P2P protocol uses 65% less energy and CO2 than a Cloud service.

Clients scan your QRcode...

... and receive your news, offers and videos.

Update your docs...

...and clients are notified in real time
